

PROTECT OUR PONDS

Living in Waters Edge, we are lucky to be able to enjoy over 50 ponds of various sizes. Some are just tiny pools of water, while others are quite large and suitable for fishing. All residents of Waters Edge have the right to enjoy these ponds, but along with that right comes some responsibilities.

Please remember:

- Ponds are adjacent to people's homes. Please be respectful of these homeowners and their privacy
- Fishing is limited to the hours from dawn to dusk
- Fishing is strictly catch and release
- There is no swimming or boating in the ponds
- Please leave the ponds and pond banks clean of any debris, trash, bottles, and especially fish hooks and lures

Following these simple rules will ensure a more pleasant experience for everyone.

Thank you
