

TO ALL WATERS EDGE RESIDENTS

The Waters Edge Community Development District Board of Supervisors will have three seats available at the General Election on November 8, 2016. Candidates for open seats must be a resident of the District and must have met the general criteria that the Supervisor of Election requires to be a candidate on the ballot. That criterion includes, but is not limited to, the filing of a financial disclosure form, declaring a campaign treasury, and paying filing fees. Land ownership is not a requirement to run in the election.

The seats up for election in November 2016 are Seats #2, #3 and #4 which are 4 year terms.

You are eligible to vote in Florida if:

- You are a citizen of the United States of America
- You are a Florida resident
- You are at least 18 years' old
- You have not been adjudicated mentally incapacitated with respect to voting in Florida or any other state
- You have not been convicted of a felony, or have been convicted of a felony and had your civil rights restored

You may register at these four locations:

Tampa, Florida 33624

As a Supervisor for the Panther Trails CDD, you will be instrumental providing the residents within the community three major classes of benefits. First, the CDD provides landowners consistently high levels of public facilities and services managed and financed through self-imposed fees and assessments. Second, the CDD ensures that these community development facilities and services will be completed concurrently with other parts of the development. Third, CDD landowners and electors choose the Board of Supervisors, which is able to determine the type, quality and expense of CDD facilities and services.

The CDD provides perpetual maintenance of the environmental conservation areas. This consistent and quality-controlled method of management helps protect the long term property values in a community.

The CDD makes it possible for a community to offer the most desirable elements of a master-planned community. Residents enjoy high quality infrastructure facilities and services with the comfort and assurance of knowing that the standards of the community will be maintained long after the developer is gone. With a CDD in place, residents are assured of the ability to control quality and value for years to come.
